TASKI The ULTIMATE Cleaning Machines™

AERO 15 *Power*

Performance Model

For those who want even more

The TASKI AERO 15 Power high-efficiency vacuum cleaner uses state-of-the-art technology and has a powerful high performance 800w watt motor. With patented TASKI whisper technology, the vacuum cleaner works powerfully but quietly.

TASKI AERO 15 Power brings you:

- High performance
- Exceptional suction
- Quiet TASKI whisper technology
- HEPA H13 filter and upgraded floor tool

Exceptional suction

The AERO 15 Power delivers even more power to those who want it and those who need it for the toughest jobs. All AERO 8/15 models get significant upgraded components & accessories for even greater durability. The AERO 15 Power gets all of these upgrades and even more power.

HEPA H13 Filter and upgraded floor tool as standard

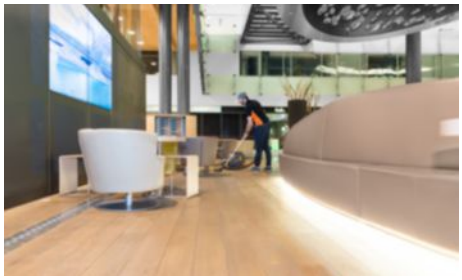

HEPA filters deliver higher levels of filtration for cleaner air. Cleaner air means superior air quality that we all breathe. Both AERO 15 Power and AERO Plus models are upgraded and supplied as standard with HEPA H13 Filters. Suction is so powerful the AERO combi sliding nozzle 32mm has been selected for optimum performance.

Upgraded components and accessories for even greater durability

The series 2 upgrade delivers an upgrade to all AERO 8/15 models including the AERO 15 Power. Starting with new wheel, hood cover, moulding joints, cables and extra protective packaging. New accessories include stronger & tougher telescopic tube, metal elbow and hose connector.
