TASKI The ULTIMATE Cleaning Machines™

AERO

AERO 8/15 Range Series II

The best just got better. TASKI aero 8/15 Range

The AERO 8/15 range is a high-efficiency tub vacuum cleaner that uses state-of-the-art technology. Whatever your need, there is a perfect AERO vacuum for you.

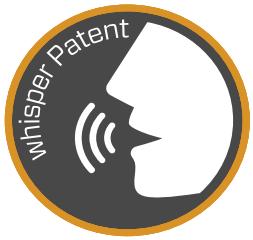

Features include:

TASKI design

Made in Europe

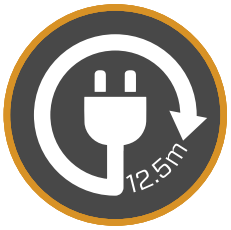

Whisper motor

Low energy

Eco-mode

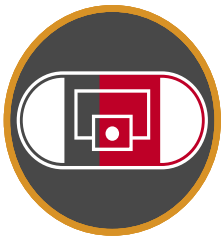

Long cable

Foot-operated on/off

HEPA option

Bag-full indicator

Everyone loves an upgrade!

The 2021 series II update delivers an upgrade to all AERO 8/15 models. Starting with new wheel, hood cover, molding joints, cables and extra protective packaging. New accessories include stronger & tougher telescopic tube, metal elbow and hose connector. A new high performance model is also introduced.

Tougher, stronger, better

Upgraded components and accessories for even greater durability

Already designed to last longer than the average, the AERO has been re-engineered to be even tougher. The best just got even better! Starting with new wheel, hood cover, molding joints, cables and extra protective packaging. New accessories include stronger & tougher telescopic tube, metal elbow and hose connector.

Better air quality as standard

HEPA Filter as standard on all AERO Plus & Power models

AERO Plus models have extra features including cable winder, eco button and also get HEPA H13 Filter supplied as standard for 2021. HEPA filters deliver higher levels of filtration for cleaner air. Cleaner air means superior air quality that we all breathe. Read our whitepaper to find out more about Indoor Air Quality (IAQ). To find out more go to https://taski.com/intelligent-solution/hepa/

For those who want even more

New for 2021 introducing the TASKI AERO 15 Power models

The TASKI AERO 15 Power high-efficiency vacuum cleaner uses state of- the-art technology and has a powerful high performance 800w watt motor. With patented TASKI whisper technology, the vacuum cleaner works powerfully but quietly. Upgraded to be tougher, stronger and now even more powerful, the AERO 15 Power comes with HEPA H13 Filter for superior air quality as standard.

The TASKI AERO range is arguably the best professional vacuum range available today. From the lightweight battery-powered upright AERO UP vacuum to the AERO 3500 ride-on vacuum there is an AERO vacuum which offers the opportunity to significantly improve the way you vacuum.
