Power-Gel 111

WC cleaner

Only available in: Italy

- Fast and hygienic removal of stubborn limescale deposits, lime soap and dirt
- Pleasant fragrance during use
- The product's high viscosity and adhesion increases the contact time and thus improves the effect (gel formula)
- The use on acid-sensitive surfaces leads to irreparable material damage

Area of application

For the removal of poorly soluble deposits in toilet bowls and urinals. Acid-sensitive surfaces, such as damaged chromium coatings on fittings, brass, anodised aluminium, polyamide and acid-sensitive natural and artificial stone, can be damaged by products containing acid.

Application

Please test on a small inconspicuous spot before first application. Do not allow the product to dry. Adjacent areas and objects must be protected.

Basic cleaning (toilet bowls):
Spray undiluted product under the toilet rim or onto the surface to be cleaned and clean with the toilet brush. Flush with water after a short reaction time. Consumption: 10.0 ml/m^2.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants < 5%, inorganic acids, organic acids, dyes, fragrances (Amylcinnamal).
pH value (concentrate): approx. 1
