OrangePro

Resin, tar and stain remover

- Solvent-based special cleaner
- Only for local removal of stubborn stains

Area of application

Can be used on solvent-resistant surfaces, e.g. intact car paint and car carpets. Also suited for removing stains and chewing gum on linoleum, epoxy resin, glass, wood, cork, polyurethane and porcelain tiles. Not suitable on surfaces sensitive to solvents, e.g. floors containing asphalt and bitumen as well as plastic surfaces (e.g. PVC).

Application

Please test on a small inconspicuous spot before first application. Adjacent areas and objects must be protected.

Surface cleaning:
Depending on the degree of soiling, use undiluted or diluted up to 1:100 with cold water. Use a cloth or sponge to apply the product, leave to react and then wipe off. Then rinse thoroughly with water.

Removal of chewing gum:
Apply undiluted product, allow to act and then remove chewing gum with scraper.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to (EU) 2019/771 Art. 2! For professional use only!

Ingredients (according to 648/2004/EC)

Water-soluble solvents, water-insoluble solvents, emulsifiers.

Classification

Classification (in concentrate): GHS02, GHS07, GHS08, GHS09, Danger. H226 Flammable liquid and vapour. H315 Causes skin irritation. H317 May cause an allergic skin reaction. H304 May be fatal if swallowed and enters airways. H410 Very toxic to aquatic life with long lasting effects. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P273 Avoid release to the environment. P280 Wear protective gloves/eye protection. P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/doctor. P331 Do NOT induce vomiting. P302+P352 IF ON SKIN: Wash with plenty of water. Contains: D-Limonene (INCI)
